A Message from the Director

Happy New Year Everyone!

2020 was certainly one of the most unique and challenging years for many. Although we realize that many experienced loss and hardship, we truly hope that you all made it through in good health and spirits.

As we roll into 2021, we are excited to announce some BIG NEWS which many of you have likely heard about; plans to install a brand NEW, state of the art PLAYGROUND (designs below) at Parma Town Park to be ready for community use this Spring. To make this a reality, we are looking for some assistance to help offset the cost and potentially add key features that we are unable to fund at this time due to the impact of COVID-19.

The current playground equipment is old (25 years!) and inadequate in a number of ways. The plan is to install new and exciting equipment to make our playground a place where children will have the safe, stimulating, inclusive and healthy opportunities to play that they so need and deserve, especially during this pandemic.

We have set a fundraising goal of \$25,000 in order to make-up for a shortfall and we ask that you please consider helping out and FUNd your playground. The Friends of Hilton-Parma Parks & Recreation are seeking private donations of any amount with suggested levels listed on the next page. Anything above and beyond our goal will be put into the project with added features that are not a part of the base project. For those interested in individual donations, please visit our webpage where you can find the donation link on the front page.

The Town of Parma is also seeking corporate sponsorship with different suggested sponsorship amounts and a variety of benefits to participating sponsors (back cover). Please email me if you are interested in learning more.

We thank you in advance for your support of this project. Together we can make this happen!

Now, go ahead and check out all we have in store for the community this winter. We hope to see many of you soon!

Thomas Venniro, Director of Parks and Recreation

Help us build our brand NEW
Playground!!!

Playground Sponsorship Opportunities

The south playground at Parma Town Park has served the community well, but is aging and wearing quickly to a point where it presents some serious safety concerns. Playgrounds, like any structure, have a life expectancy. Over the past several years, we have put Band-Aids and boarded up areas only for users to remove and expose said areas, putting themselves, and the Town at risk. Already one of the most frequently used amenities in the park, playgrounds became an invaluable place of respite given our current circumstances. In order to ensure safety of users, as well as enhance quality of life, we have come to the determination that removal and replacement of this structure is a necessary priority. With your support, our goal is to build a unique, state of the art, 7,400 square foot playground in its place. The total budget for the project is \$220,000. We are seeking assistance of major corporate sponsors and partners to complete the playground and make this community dream a reality. As a sponsor, we will work with you to fully maximize community goodwill. Every piece of promotional material, interview and event is a new opportunity for us to show our gratitude to those who are committed to the betterment of our community.
